

YURTS

- FOR LIFE -

Yurts for Life is a small business with big dreams

We would like to leave the world a better place, not just for this generation but also for generations to come

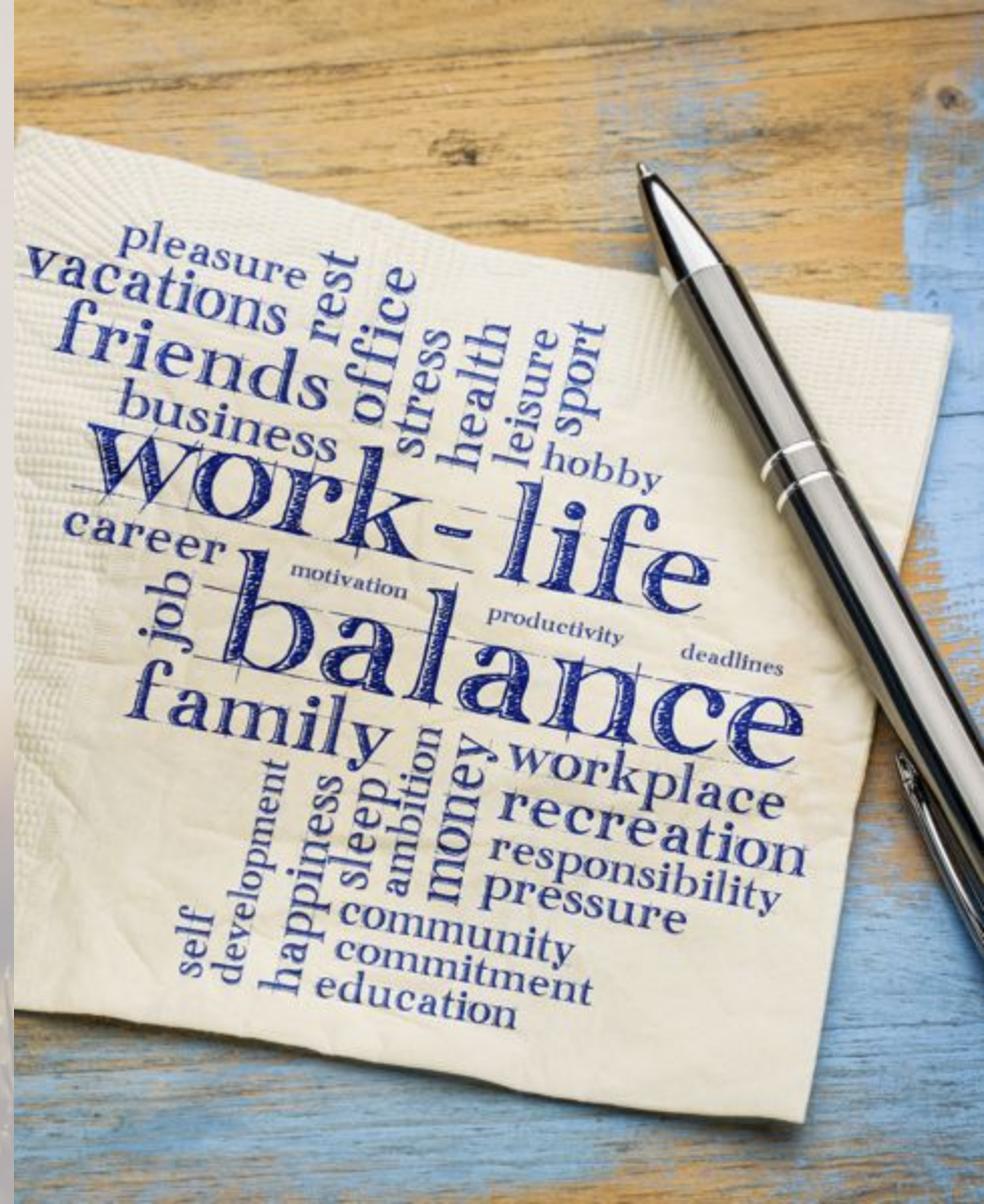

Inspired by the great outdoors, and motivated by a vision of high-quality craftsmanship at our core, **Yurts for Life** designs and manufactures precision-built luxurious Yurts, providing elegant & multi-functional spaces that help people make the most of their surroundings.

OUR MISSION

Well-being & self-care is a hot topic, due to an increasing number of people experiencing higher levels of stress, anxiety and disconnection than ever before

People are in search of remedies, and an easy way to start is to step outside and reconnect with our surroundings

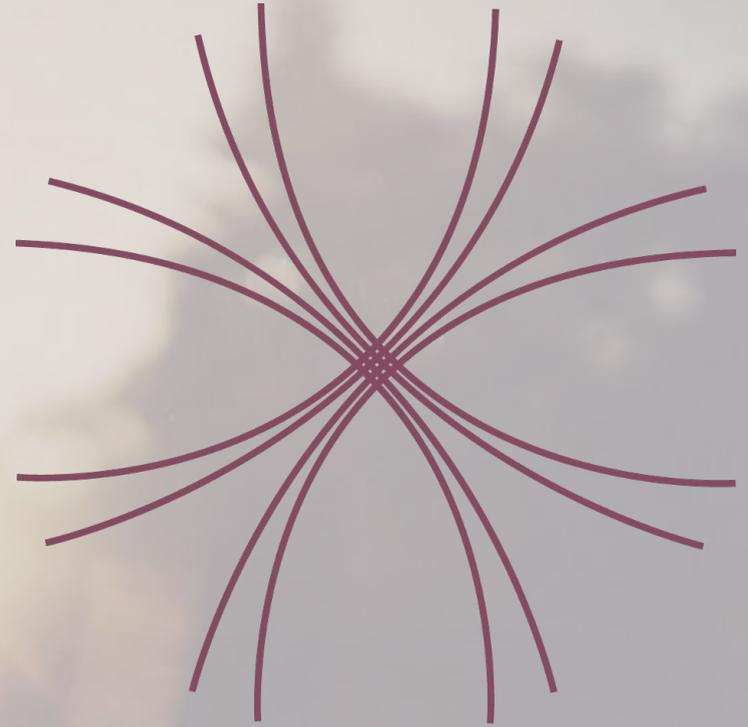

OUR MISSION

Spending time in the great outdoors and in nature has been proven to have significant positive effects on energy & vitality, reducing stress, anxiety and heart rate, whilst also improving our cognitive function, overall health, mood and quality of sleep

OUR MISSION

When you look at it like that,
Yurts for Life becomes more
than just our company name

It becomes a rally cry, a call to
action, a movement that forms
the foundations of our
philosophy, or as we like to call
it, “**Yurtology**” - the driving
force behind everything we do

YURTS

- FOR LIFE -

YURTOLOGY

[noun: yoort-ol-uh-jee]

- the desire to enjoy the great outdoors, embracing a fun loving lifestyle
- a do anything, go anywhere attitude that transcends boundaries
- a system of creative thought, starting with a blank canvas where the only limit is your imagination.

THE YURTOLOGY PROJECT

The Yurtology Project is about bringing like minded people together, collaborating with creative, innovative and adventurous people to open up new ideas, new bonds, connections and ultimately new inspiration to make the most of our surroundings, using our Yurts

Yurtologists don't think straight, we think round, and we're always on the look out for new and exciting ideas that transcend boundaries

If you have an idea or vision of your own, and want to join our Yurtology project, we'd be delighted to hear from you!

#YURTOLOGY

Our Yurts are **precision built** by our master craftsmen, deep in the heart of the Devonshire countryside.

Providing versatile and adaptable outdoor spaces that enable people to **step outside, drink the wild air**, and most importantly make the most of their surroundings

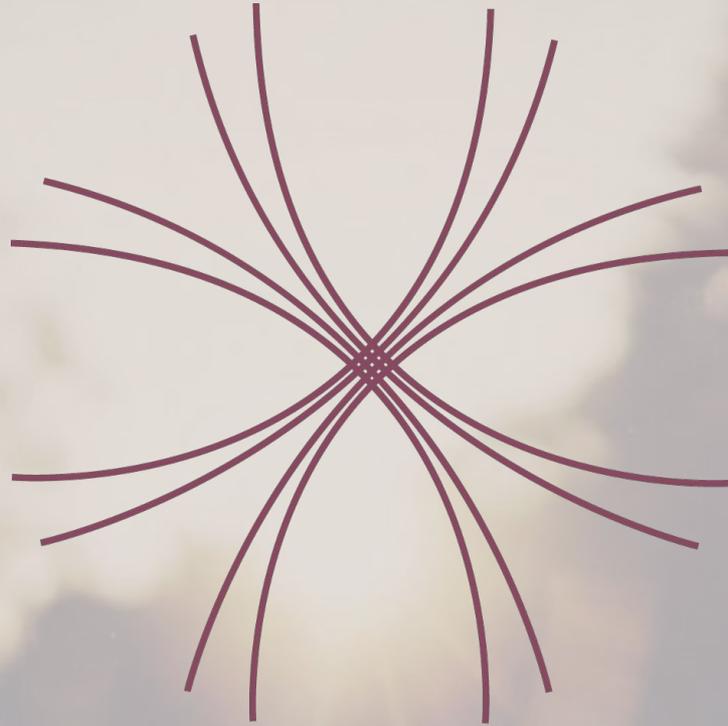

YURTS
- FOR LIFE -

A low-angle, upward-looking shot from inside a yurt. The central focus is a circular skylight at the top of the dome, through which a view of trees and sky is visible. The interior structure consists of numerous wooden poles radiating from the center to the outer wall, creating a complex, web-like pattern. The lighting is soft and even, highlighting the natural wood tones and the geometric structure of the yurt.

Once you've stepped inside a Yurt, you'll start to see the world differently. Spacious, luxurious, flexible and versatile, our Yurts allow you to create a unique environment that can be used for just about anything you can think of, that can pop-up just about everywhere, for both personal and commercial use.

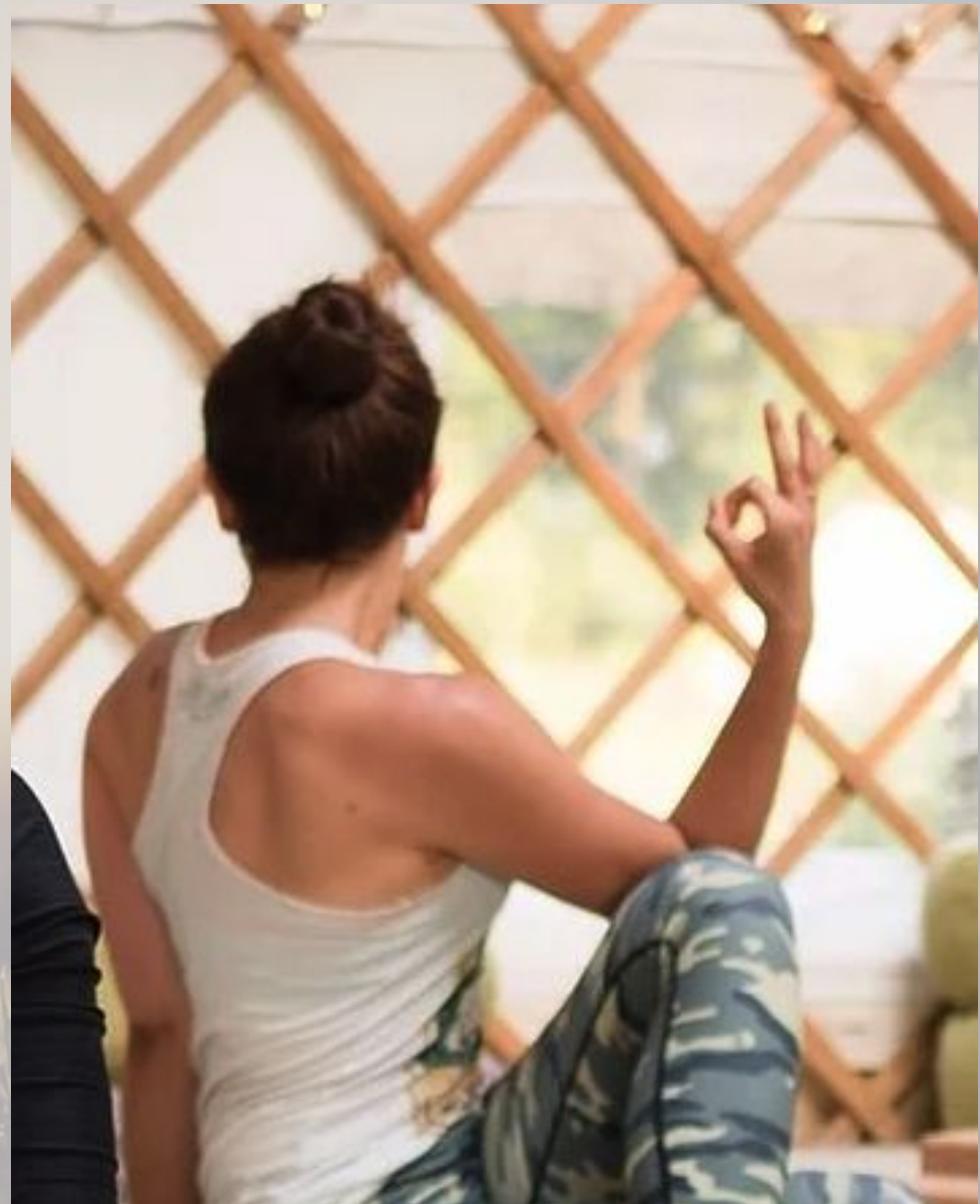

The only limit is your imagination! #YURTOLOGY
